

51. Opinions on this new trend vary as there are both pros and cons of working from home.

52. To begin with, you may feel lonely at home since you lack social interaction and face-to-face communication with colleagues.

53. You don't have to wake up to an alarm clock early in the morning, and you can work any time you want and in any way you want.

54. Also, people that work in the home environment value immensely the extra time they can spend with their loved ones.

55. With the extra time, as a mom or dad, you will be in a much better position to educate and take care of your children.
